

## Hidden Passage and Forgotten Space Concept Doors

### The Builder Door

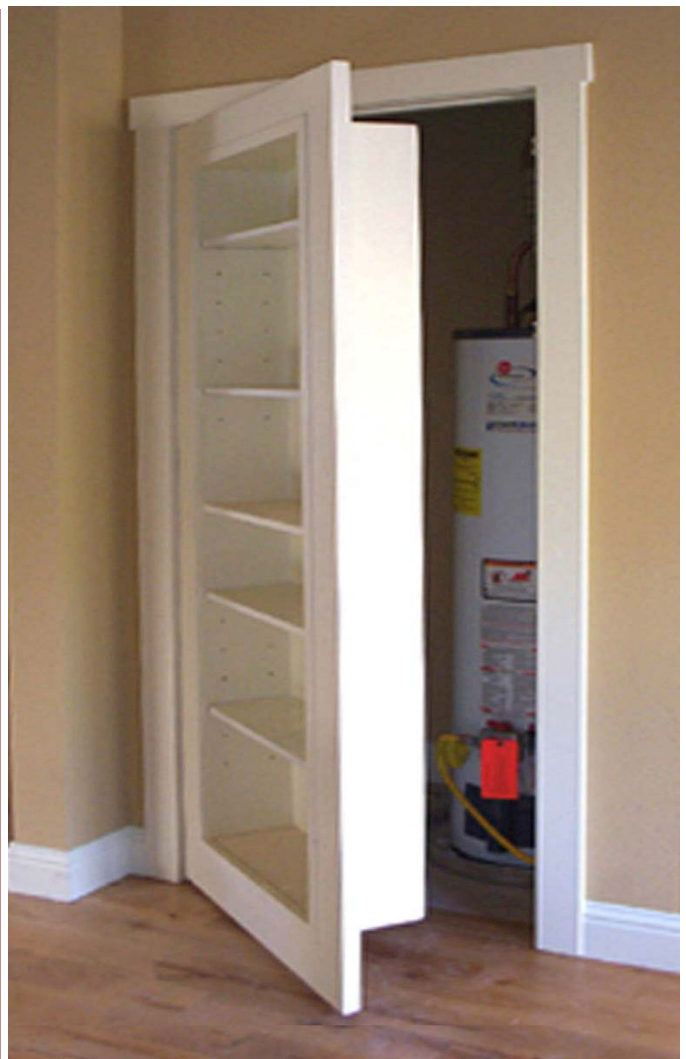

Transform any doorway in your home with a unique and beautifully concealed bookcase/pantry cabinet door. Whether you choose to paint or stain, your finely handcrafted door will add beauty, practical storage and individuality to your home. The simplicity of our design can place this door into any opening of your home. To the unknowing our outswing door appears to be a built in bookcase but is actually a door that conceals the room behind! Our Inswing Door actually does Hide the room behind.

- **Totally Functional Door**
- **Conceal or Hide a Room**
- **Added Storage.**
- **Unique in Design yet Practical in Use**
- **Custom Built as Handcrafted Furniture**
- **Configurations Limited Only by the Imagination**
- **Focal Point of Discussion with visitors**
- **Family Owned and Operated Since 1993**

#### The **Builder Door Series**

is our Most Popular Door. This Economical Open Bookcase Paint Grade Door comes prehung on 4 9/16" paint-grade jambs, (2 x 4 wall), 8 1/4" deep 3/4" plywood cabinet, 4-adjustable shelves, 1-fixed shelf, concealed hinge system, mechanical push/release catch and shelf pins are included.

Industry Standard Door Sizes apply to keep this door priced right. Most Standard Options Are Available with the **Builder Door**
